

XTC

Hardwell

I got it for ya
Will set ya free
Come light your fire and
Lose your mind on XTC

Can you feel it burning?
Will you come with me?
Just take my hand and
Lose your mind on XTC

On ecstasy
On ecstasy
Just take my hand and
Lose your mind on XTC

On ecstasy
On ecstasy
Just take my hand and
Lose your mind on XTC

Lose your mind on XTC
Lose your mind on XTC
Lose your mind on XTC
Lose your mind on XTC

Life's a game
Played by the rules
I don't want no fame but I hate my life
Lame excuse

I need some fire
I've had enough
Should I call my girl
And turn it up?

Turn it up?
Turn it up?
Turn it up?
Turn it up?

Should I call my girl
And turn it up?
Turn it up?
Turn it up?
Turn it up?

Lose your mind on XTC
Lose your mind on XTC

I got it for ya
Will set ya free
Come light your fire and
Lose your mind on XTC

Can you feel it burning?
Will you come with me?
Just take my hand and

Lose your mind on XTC

On ecstasy

On ecstasy

Just take my hand and

Lose your mind on XTC

On ecstasy

On ecstasy

Just take my hand and

Lose your mind on XTC
