

9 Lives

Hardy Caprio

(If I'm lying, I'm dying and right now, I ain't dead) Come on
(I do sci-fi when I rev) Hollywood
(This is JTP music) Hardy
No cap (All them Insta girls too catty for me, it's nine lives and they dead
)

If I'm lying, I'm dying and right now, I ain't dead (True)
I got wifi on the plane (I do)
I do sci-fi when I rev
Niggas cry cry and they beg
They tell white lies till they red (They lie)
All them Insta girls too catty for me, it's nine lives and they dead

My likkle man, he my mini me (Gang)
Young boy, too fidgety
Two redbones, that's symmetry
Yac and [?], that's synergy
Life too real for similes
Gucci belt that's from Italy
Everyone's talking body counts, you should see the tings that I didn't beat
(Come on)
Pretty bitch and she [?]
Took her Shard and I didn't eat (I didn't)
They would think that I'm showing off if I snap the times that I'm in a suite
Insecure and they gimmicky
I'm secure so they're feeling me
Disengaged but they're ringing me
'Cause they want it all and they're [?]
Shorty wanna do normal stuff like picnics, girl, you're killing me (Lowe it)
10, 11, I'll pick you up, no diet girl, she just Digga D
Saw my yard in nine months now all them tings wanna visit me (True)
Doin' numbers in the green, it's like The Matrix trilogy

If I'm lying, I'm dying and right now, I ain't dead
I got wifi on the plane (I do)
I do sci-fi when I rev
Niggas cry cry and they beg
They tell white lies till they red (They lie)
All them Insta girls too catty for me, it's nine lives and they dead

Might just take my music money, go buy a prop and do real estate (Ching)
Broken home, grew on the block and I still don't know 'bout real estates
Man know me I'm [?] but my energy, I don't give away (Ever)
All them times I call the shots, to be a boss, you facilitate
Do it all for my niggas sake (Word)
Paint a pic and I illustrate
Might have grown up in the hood but in business meetings, we integrate (Trust)
Hundred ways to go kill a snake (Hunnid)
My favourite number's figure eight (I love it)
Everybody knows that talk is cheap but the truth's in what you didn't say
Find a girl that isn't bait (Okay)
Take her out and do dinner dates (Okay)
Chill at home and watch Prison Break (Yeah)
I'm the one that they imitate (Facts)
Weirdo rappers in my grate

I don't know one that isn't fake (I don't)
Say it, don't insinuate
My realest verses are in the tape

If I'm lying, I'm dying and right now, I ain't dead
I got wifi on the plane
I do sci-fi when I rev
Niggas cry cry and they beg
They tell white lies till they red
All them Insta girls too catty for me, it's nine lives and they dead
