

All The Time

Hardy Caprio

Ain't nothing good in the hood for me
Look at you look at me
The ends ain't gonna be there when you sign out
Real talk why should it be?
I'm shook for you shook for me
My friend got sentenced middle of uni
Now he's somewhere he shouldn't be
We've all seen things we shouldn't see
Ain't nothing good in the hood for man
You've seen the way yutes look at man
My Nigga told me I make "white boy music"
How? I'm still in the hood with man
I still could've held that druke for man
Still there when your other niggas wouldn't bang
He said my songs don't "gass the yutes"
I know they don't why should it fam?

Look around
See how man are getting killed off slowly
Just to get a tweet and a hashtag
Just to get as crying emoji
Look how many man phoney
Look how many man bro me
Look how many man hate you
Ends wanna get you down
Look how they went and done Showkey
Fucking cold g

I know we speak bout these things
I know we say it all the time
And then we turn around and forget about it
We turn around forget about it
I know we speak bout these things
I know we say it all the time
And then we turn around and forget about it
We turn around forget about it

I swear on my life this place is a rap trap
No direction man go cunch with a sat nav
They won't share a visit for you that's trying to make
But when man's dying on the floor they wanna get it on snapchat
First ones tweeting "you got lenged of"
Rest up David, Showkey, MDot
Your not chasing that dream you dreamt of
You just wasted your whole damn life
Someone's killed
This shifts real
There's victims on both damns sides

Look around
See how man are getting killed off slowly
Just to get a tweet and a hashtag
Just to get as crying emoji
Look how many man phoney
Look how many man bro me
Look how many man hate you
Ends wanna get you down

Look how they went and done Showkey
Fucking cold g

I know we speak bout these things
I know we say it all the time
And then we turn around and forget about it
We turn around forget about it
I know we speak bout these things
I know we say it all the time
And then we turn around and forget about it
We turn around forget about it
