Says she want a baller  
Says she want a f boy  
Says she want a trapper  
If I pull up in a 18 plate right now  
I don't think that'll matter  
Girls wanna come round here  
Wanna screwface and they wanna make passa  
Saw bottles on the table  
She must think I'm a rapper

Yo babe what's the matter  
Long time since I heard from Natasha  
Now they just wanna say a man's @ name  
But man's not hot, mans dapper  
All these hoe's got short term memory  
They see me and think I'm a stunter  
Getting make-up on a man's jumper  
I hit then I ghost I'm a one hit wonder  
I ain't no younger, I ain't no stunter  
I don't rate them, no  
Them gyal dead in person  
Peng on Insta  
That don't make sense, no  
Get that brand new auto  
Brain while I drive  
Now that makes sense, sho  
Them boy there just talk loads  
That don't pay them  
They're all wastemen  
Pull up in new ting  
Pull up with a new ting  
I just wanna move on  
They just wanna move in  
My niggas bad and boujee  
That's why they trap in Gucci  
Maybe this rap ting suits me  
My all tings been acting moody  
Yats can't hack this movie, yo

Says she want a baller  
Says she want a f boy  
Says she want a trapper  
If I pull up in a 18 plate right now  
I don't think that'll matter  
Girls wanna come round here  
Wanna screwface and they wanna make passa  
Saw bottles on the table  
She must think I'm a rapper

She must think that I'm boasy  
She must think I'm an ediat  
They come around we don't give em no feedback  
Bring em hotel and have em on kneecaps  
See these tings don't know me  
They find out and they wanna relapse  
Everyday but a nigga don't need that  
Hand on my heart and I mean that

Black men don't cheat  
That's why me and plug still speak  
Barber man ain't had cut in weeks  
Marga you ain't had a cut in weeks  
Looking for a midget went and got me 6 digits  
Looking for a square went and got yourself air  
Your looking for a chick but they're looking for the kid  
So they still wanna come round here

Says she want a baller  
Says she want a f boy  
Says she want a trapper  
If I pull up in a 18 plate right now  
I don't think that'll matter  
Girls wanna come round here  
Wanna screwface and they wanna make passa  
Saw bottles on the table  
She must think I'm a rapper
