

# Something New

Hardy Caprio

Too many mistakes  
I drank all of the Henny, no chase  
Ion know if I'll be okay (Oooh, ooh)  
See, the past few weeks been great  
Ion wanna be too bait  
But you know I wan' see your face (Oooh, ooh)

Tek mi fi ediat, so many evenings  
I gave my time to you (time to you)  
I coulda cheated, I wouldn't leave it  
You know I tried with you  
Girl, you know I'm trying  
Beg you don't go crying  
Don't know why we're fighting  
I'll be real, I just need something new

You went and picked a gun (oh why?)  
Cocked it and shot me down (oh why?)  
Maybe you're not the one  
I know it, you know it  
You went and picked a gun (oh why?)  
Cocked it and shot me down (oh no)  
Maybe we might be done  
I think we need something new

You got issues, I don't play that (nuh uh)  
I said things that I won't take back (take back, no)  
You gave excuses, I just gave up  
We should just move on (move on)  
Cut you off, you came back ASAP, uh

Can't tek mi fi ediat, so many evenings  
I gave my time to you  
I coulda cheated, I wouldn't leave it  
You know I tried with you  
Girl, you know I'm trying  
Beg you don't go crying

We ain't got time for this  
I don't know why you're here  
There's no point fighting it  
Guess it is what it is, oh woah  
You're always trying it  
We should've stayed as friends, oh woah  
I ain't the type to quit  
But your heart ain't even in it, no, woah

You went and picked a gun  
Cocked it and shot me down  
Maybe you're not the one  
I know it, you know it  
You went and picked a gun (oh why?)  
Cocked it and shot me down (oh no)
