

Together

Hardy Caprio

What's the essence of making all this money?
If I can't share it with my family
Break bread with the day ones
Let's go get it together
Let the haters stay broke
Let's go!

All the cash that we make, we gon' get it together
All the cash that we make, we gon' make it together
All the cash that we take, we gon' get it together
We gon' get it together
We gon' get it together

Just imagine, if I weren't rapping
How would I get it? Man wouldn't know
ATM I just follow where the cash points
See I've gone places a man shouldn't go
Even when the grind's good, the money isn't
Some mans snaked me, the money didn't
Kept the money hidden
Cuz told me roll safe, but I ain't even seen him move funny in a minute
Word, this ain't luck this is all in the work
Covered them scars in three figure shirts
Man got murked some man got murked
Push out a button go skrt skrt skrt
Olders too get broke get hurt
How you gonna flex while hoe, you're a nerd
Quote unquote then you know what they're worth
Ha ha ha, we throw 'em to the curb
Wait, jump in the wave
They just wanna jump on the wave
Pshh. Move, they ain't gonna run in the place
Want Moos tell 'em Moos ain't nothin' they could say
Hermes hard I'm Bape
Man want stunt with H
Went from a 6 to a 8
My bros are saying that Ronney and Reggie is Kray

All the cash that we make, we gon' get it together
All the cash that we make, we gon' make it together
All the cash that we take, we gon' get it together
We gon' get it together
We gon' get it together

Fuck them, I don't know them
We ain't lil' youths, we grown men
I seen them niggas since '010 (I see them, I see them)
I rolled with them niggas since '010
If that crime don't pay, it make no sense
That don't pay, it makes sense no sense
You're still calling them road men
I don't know about you, but we call them joke men
Man need to get it together
I'm still after the 16th letter
To a bill, to a bag, from a tenner
I told my bredrin I'm ready whenever

All the cash that we make, we gon' get it together
All the cash that we make, we gon' make it together
All the cash that we take, we gon' get it together
We gon' get it together
We gon' get it together

So when it's done this
Money won't create success
It's the freedom to make it that will
So let's get it together
