

LIVE FOREVER

Hardy

She's never gonna drive a car
A car, a car
She's never gonna fall in love
Fall in love
She's never gonna feel that feeling of a Friday night freedom anymore
And it's all because
You couldn't shake the demons off
Demons off
You had to turn the devil loose
Devil loose
Yeah, I don't know if your sentence makes you regret that you did it
But some things you can't undo

I guess some people don't get what they deserve
They gave you life 'cause you took away hers
Do you even have a heart beating in your chest?
Well, you gotta I guess

If the good die young, get laid in the dirt
Because they did a lot of good on Earth
Then I guess that means that the ones that didn't
Are stuck livin' life in a guilt trip prison
One day we'll all be dead
And you'll be wishin' that you were instead
Yeah, when it comes to the worst, nobody does it better
If the good die young, you're gonna live forever
Forever
Hey!

You're gonna have to watch the world go dark
Go dark
And everything you love waste away
Waste away
Tell me, are you scared to death to never breathe your last breath
No matter how hard you pray?

I guess some people don't get what they deserve
They gave you life 'cause you took away hers
Ain't a bomb they can drop that you won't survive
You're gonna be the last man alive

If the good die young, get laid in the dirt
Because they did a lot of good on Earth
Then I guess that means that the ones that didn't
Are stuck livin' life in a guilt trip prison
One day we'll all be dead
And you'll be wishin' that you were instead
Yeah, when it comes to the worst, nobody does it better
If the good die young, you're gonna live forever
Forever
Hey!

If the good die young, get laid in the dirt
Because they did a lot of good on Earth
Then I guess that means that the ones that didn't
Are stuck livin' life in a guilt trip prison
One day we'll all be dead

And you'll be wishin' that you were instead
Yeah, when it comes to the worst, nobody does it better
If the good die young, you're gonna live forever
Forever
Hey!
