

Aftershock

Harem Scarem

In another time
In another place
I could have kept on moving
Forward to the other side
If ya knocked me down
Ya I'm getting back up again
I'm getting back in the ring
Feeling every swing
And brace for one more round

I'm feeling the aftershock of you leaving
I'll never walk on solid ground
The aftershocks are always shaking me
Life can hit you hard (Life can hit you hard)
I'm feeling the aftershock

Watching the water rise
And it's getting too hard to breathe
With no warning signs
No between the lines
I can't handle that you're gone

I'm feeling the aftershock of you leaving
I'll never walk on solid ground
The aftershocks are always shaking me
Life can hit you hard (Life can hit you hard)
I'm feeling the aftershock

I'm feeling the aftershock of you leaving
I'll never walk on solid ground
The aftershocks are always shaking me
Life can hit you hard (Life can hit you hard)
I'm feeling the aftershock of you leaving
I'll never walk on solid ground
The aftershocks are always shaking me
Life can hit you hard (Life can hit you hard)
Life can hit you hard (Life can hit you hard)
I'm feeling the aftershock
