All I Need

Harem Scarem

All I need to be sane
Is ice running through my veins
Life is just a game
Win or lose it all ends up the same

Now I found meaning
And I found hope
You're the reason everything works

You're all I need
You lift me up when I was under
You're all I need
To get me through the night
When all I feel
Is the weight of the world on my shoulders
You're all I need
To make it through the hard times

The walls are there to hide
The scars and hurt on the other side
When my defenses start to fall
You're the only one that I would call

Now I found meaning
And I found hope
You're the reason everything works

You're all I need
You lift me up when I was under

You're all I need
To get me through the night
When all I feel
Is the weight of the world on my shoulders
You're all I need
To make it through the hard times

Now I found meaning
And I found hope
You're the reason everything works

You're all I need
You lift me up when I was under
You're all I need
To get me through the night
When all I feel
Is the weight of the world on my shoulders
You're all I need
To make it through the hard times
You're all I need

You lift me up when I was under
You're all I need
To get me through the night
When all I feel
Is the weight of the world on my shoulders
You're all I need

To make it through the hard times
