

# Days Are Numbered

Harem Scarem

Running out of faith  
In the midnight hour  
We're all gonna hang  
From our ivory towers  
I roll like a train  
Going off the tracks  
Living everyday  
Like it's gonna be the last

Yeah, life is what you make of it  
No regrets  
No turning back

If you want  
You can live  
Like there's no tomorrow  
'Cause ya know  
Your days are numbered

All the end of it all  
What you see  
Is that nothing's forever  
'Cause ya know  
Your days are numbered

Digging through the days  
Trying to forget a past  
Crawling through the race  
That you know won't last  
Counting up time  
Using just one hand  
The hourglass is running  
Out of sand

Yeah, life is what you make of it  
No regrets  
No turning back

If you want  
You can live  
Like there's no tomorrow  
'Cause ya know  
Your days are numbered

All the end of it all  
What you see  
Is that nothing's forever  
'Cause ya know  
Your days are numbered

Run out of faith  
Here in my final hour  
I roll like a train  
Now there's no turning back  
(Turning back)

If you want

You can live  
Like there's no tomorrow  
'Cause ya know  
Your days are numbered

All the end of it all  
What you see  
Is that nothing's forever  
'Cause ya know  
Your days are numbered

Your days are numbered  
Your days are numbered
