Gotta Keep Your Head Up

Harem Scarem

Nobody warned me
About the state of the world
And nobody told me
About the liars and hangers on
If I could have foreseen
Ya what I'd be running from
Nothing is what it seems
Cos the life I'm living is a

Danger zone
I'm in the cold
It's meaningless to try
Every day's a war
You lose control
Feels like doing hard time

You gotta keep your head up
And feet on the ground
You gotta stand up
When you're down
You gotta keep your head on
You're losing it now
You've come too far
To turn back now

Don't know what it all means
So I disappear in my own world
I'm throwing up smoke screens
Cos the life I'm living is a

Danger zone
I'm in the cold
It's meaningless to try
Every day's a war
You lose control
Feels like doing hard time

You gotta keep your head up
And feet on the ground
You gotta stand up
When you're down
You gotta keep your head on
You're losing it now
You've come too far
To turn back now

You gotta keep your head up
And feet on the ground
You gotta stand up
When you're down
You gotta keep your head on
You're losing it now
You've come too far

You gotta keep your head up
And feet on the ground
You gotta stand up

When you're down
You gotta keep your head on
You're losing it now
You've come too far
To turn back now

When you're down
You gotta keep your head on
You're losing it now
You've come too far
To turn back now
