

# Never Say Never

Harem Scarem

Life changing epiphanies  
Break through in desperate times  
Don't ever listen to what they say  
If you did then you never would try  
Life rolls like dice  
Odds are you'll never beat it  
Victory in sight  
Then up comes your number  
It's snake eyes  
We all fall  
Gotta stand tall  
Never say never  
Live your dreams  
Now you're so close  
Don't let go  
Never say never  
Never give up on your dreams  
Misery loves company  
And every other cliche applies  
Knocked out fighting destiny  
But you either do or you die  
Life rolls like dice  
Odds are you'll never beat it  
Victory in sight  
Then up comes your number  
It's snake eyes  
We all fall  
Gotta stand tall  
Never say never  
Live your dreams  
Now you're so close  
Don't let go  
Never say never  
Never give up on your dreams  
Then up comes your number  
It's snake eyes  
We all fall  
Gotta stand tall  
Never say never  
Live your dreams  
Now you're so close  
Don't let go  
Never say never  
Never give up  
Life rolls like dice  
Odds are you'll never beat it  
Victory in sight  
Then up comes your number  
It's snake eyes  
We all fall  
Gotta stand tall  
Never say never  
Live your dreams  
Now you're so close  
Don't let go  
Never say never  
Never give up on your dreams

Never give up on your dreams
