

# Everything We Got

Harlequin

Ticking like a time bomb with nineteen seconds to go  
I got the pin pulled baby can't you see that I'm about to explode

You know that I love this life and I'm never gonna change  
There's no getting off this ride you better bring your game

We're gonna rock 'em sock 'em give 'em everything that we got  
You might want to get out of the kitchen cause the temperature's about to get hot  
You better show some fight tonight I'm ringing the bell  
Cause if you wanna little heaven baby you got to give him some hell some hell

I love rock and roll like a pretty girl loves to spend  
I've been breaking all the rules never thinking that it's all gonna end

You know that I love this life and I'm never gonna change  
There's no getting off this ride you better bring your game

We're gonna rock 'em sock 'em give 'em everything that we got  
You might want to get out of the kitchen cause the temperature's about to get hot  
You better show some fight tonight I'm ringing the bell  
Cause if you wanna little heaven baby you got to give him some hell

We're gonna rock 'em sock 'em give 'em everything that we got  
You better get out of the kitchen cause the temperature's about to get hot  
You better show some fight tonight I'm ringing the bell  
Yeah and if you wanna little heaven baby you got to give him some hell

Come on come on give 'em some  
Come on come on just give 'em some  
You you you you gotta give 'em some hell
