

Heavy Talk

Harlequin

All right

It's insane how is amplified
It's a strain in the public eye
Someone to grease and someone to rub
Wearing a mask and wearing a glove

Through the office walls and into the daily papers

Heavy talk does me no service
Heavy talk making me nervous
Heavy talk, heavy talk
Heavy talk, heavy talk

It's a trick, need an alibi
Such a fix, such a trail of lies
The more that you talk, the less it is worth
Pie in the sky, digging the dirt

Through the office walls and into the daily papers

Heavy talk making me nervous
Heavy talk does me no service
Heavy talk, heavy talk
Heavy talk, heavy talk

Heavy talk
Heavy talk

Heavy talk making me nervous
Heavy talk does me no service
Heavy talk, heavy talk
Heavy talk, heavy talk

Heavy talk, heavy talk
Heavy talk, heavy talk
Heavy talk, heavy talk
Heavy talk, heavy talk
Heavy talk, heavy talk
Heavy talk, heavy talk
Heavy talk, heavy talk
