

Say Goodnight

Harlequin

I saw you standing there
I couldn't help but stare
Every guy in the place
Was trying to make you aware
I thought I'd take the chance
To hell with circumstance
Didn't know what to say
I just had to pray you'd be there

Say goodnight, say goodnight
Don't say goodbye
Say goodnight, say goodnight
Don't say goodbye

Couldn't stand it anymore
I couldn't tell for sure
Should I go? Should I stay?
Would you walk with me out of the door
I knew right from the start
I'd better play it smart
With a girl such as you
It's so easy to screw up my heart

Say goodnight, say goodnight
Don't say goodbye
Say goodnight, say goodnight
Don't say goodbye
Say goodnight, say goodnight
Don't say goodbye
Say goodnight, say goodnight
Don't say goodbye

Say goodnight, say goodnight
Don't say goodbye
Say goodnight, say goodnight
Don't say goodbye
Say goodnight, say goodnight
Don't say goodbye
Say goodnight, say goodnight
Don't say goodbye

Say goodnight, say goodnight
Don't say goodbye
(No goodbye)
Say goodnight, say goodnight
Don't say goodbye

Say goodnight, say goodnight
Don't say goodbye
(No goodbye)
Say goodnight, say goodnight
Don't say goodbye
