

Helluva Guy

Harley Poe

I am at peace but I will do what I must
I'm not your friend but I will earn all your trust
I'll step back proudly as I watch you fall down
I crept up on you without making a sound

You're so unhappy you're a sad little guy
It's how it is, I try my best to be blunt
You think I care because I have a goal
You wake up first for to fall in my hole

I guess it's all just how you see
Can you see me, can you see me

I think you must like being deceived
You'll never know when I attack
I'll wait until you turn your back
Then there's a bitch, fork up your crack
You're a snack, I won't laugh when you cry

I'm a helluva guy!
(La-la-la-la-la-la-la-la-la-la-la-la-la-la)
(La-la-la-la-la-la-la-la-la-la-la-la-la-la)
(La-la-la-la-la-la-la-la-la-la-la-la-la-la)
(La-la-la-la-la-la-la-la-la-la-la-la-la-la)

I'll play your game because I know that you're fake
We'll swim together in the fiery lake
Maybe I'll drown you and I'll use you to float
I'll sing my way out after you start to flow

Bleed black and blonde, and still, black hair
What's under there won't change
I cover your sin, again and again
But in the end you're still to blame

I think I'm going to sacrifice you to Satan
I think I'm going to sacrifice you to Satan
I know I'm gonna sacrifice you to Satan
I know I'm gonna sacrifice you to Satan

I guess it's all just how you see
Can you see me, can you see me

I think you must like being deceived
You'll never know when I attack
I'll wait until you turn your back
Then there's a bitch, fork up your crack
You're a snack, I won't laugh when you die

I'm a helluva guy!
(La-la-la-la-la-la-la-la-la-la-la-la-la-la)
(La-la-la-la-la-la-la-la-la-la-la-la-la-la)

I'm a helluva guy!
(La-la-la-la-la-la-la-la-la-la-la-la-la-la)
(La-la-la-la-la-la-la-la-la-la-la-la-la-la)

It don't know why it don't have friends
As soon as love begins it ends
Everything it knows it decay
Watch your back, and have a nice day

Have a nice day
Have a nice day
Have a nice day
Have a nice day
