Harmonize

Ooh, Abigail

Konde Boy call me number one
Bakhresa aii hiya
Baby girl come sing for them (eeh eeh ooo)

Bring your body come around, aah
I like the way you move to the sound, aah
Your touch got me bound, aah
I swear unanifanya nikupende
Yeeh, sometimes I feel like
I'm dreaming that shit not real
Baby girl you the best
You make bad man come first

No doubt you're my destiny
She said Konde Boy make a slide on me
Slowly slowly, better don't leave me lonely

Eeh, closer sogea
Uje tuwe wawili kama pair
Baby closer, sogea
Uje tuwe wawili kama pear
Baby closer, sogea
Uje tuwe wawili kama pear

Na kama dhahabu bubu
Me and you penzi letu tuu
Kama Eva na Adamu
Take me to church to say I do
Me and you my baby boo
My tabibu
Kinyama changu cha hamu
Aki naapa sikuachi
I don't need no Fendi Versace

Bring your body close to me
Your love is all I want to see
Kwako sioni sisiki
Tena singooki kisiki

Nobody come between (yes)
Forever you're my king and I'm your queen
Fine boy brown skin melanin melanin
Oh, this kind love, me I never seen
A love so big, so real, so deep
Promises he makes, promises he keeps

Stole my heart
Locked the door and threw away the key
He doesn't play no games, my African ting

Closer sogea
Uje tuwe wawili kama pair
Baby closer, sogea
Uje tuwe wawili kama pear
Eeh, closer, sogea
Uje tuwe wawili kama pear
Baby closer, sogea
Uje tuwe wawili kama pear
