

B Boy

Ooh Ooh Ooh Ooh Ooh yeah yeah yeah

Nobody wanna see us together  
Promise we go fly in any weather  
Na nitafanya chochote nitakachoweza  
Ili nikutunze nisije kukupoteza  
Ooh yeah  
Sometimes I try to spend sometime alone  
And I even cry when I don't see your phone  
Baby miss you say no more  
So who gonna kiss you when am no more

Can't believe anything that you do me you gonna do to somebody one day  
I don't wanna be there  
Can't believe anything that you tell me you gonna tell to somebody over day  
I just wanna play  
So it is better to die  
I wanna more cry, cry  
Better to die  
That's gonna be shy, shy  
It is better to die  
Mmhhhhh

No matter how long we met  
Everyday to me is the first date  
Anything you ever need you gonna get  
We make love in a private jet  
When I look at your eyes  
I see the beauty  
No one can see that  
No one  
When you look at my eyes  
You show me the beauty  
And that's why I consider  
I consider

Can't believe anything that you do me you gonna do to somebody one day  
I don't wanna be there  
Can't believe anything that you tell me you gonna tell to somebody over day  
I just wanna play  
So it is better to die  
I wanna more cry, cry  
Better to die  
That's gonna be shy, shy  
It is better to die

(Can't believe anything that you tell me  
You gonna tell to somebody over day  
I just wanna play)
