

I Can't Stop

Harmonize

Yao Yao, I just wanna sing for my baby

We started from the ghetto now we here
We go dey tomorrow
My sweet my baby and make that clear
Never leave you solo
You been teaching me how to love
Deep down baby me I feel your love
You gave me feeling deep in love
I think it's my time to show you love

When I was dey by the street I be badman
You were by my side
Now dem say you no fit me
They don't know what am feeling inside

Oh, I love this life that am living
Oh, thanks Baba God for the giving
Oh, I love this life now we living
Oh, thanks Baba God for the giving

I can't stop to love you, I don't stop
I can't stop to love you, I don't stop
I can't stop to love you, me I don't stop
I can't stop to love you, me I don't stop

I used to be the one you cry for
Now you the one I go die for

Bad man need some loving
And some kissing when am balling
And I swear to my life am lonely
And I miss you, you got me falling

I go fight like a [?] walahi baby for you odo

My money dey baby confuse
I give you all my money go use
I don't cheat you baby I use

When I was dey by the street I be badman
You were by my side
Now dem say you no fit me
They don't know what am feeling inside

Oh, I love this life that am living
Oh, thanks Baba God for the giving
Oh, I love this life now we living
Oh, thanks Baba God for the giving

I can't stop to love you, I don't stop
I can't stop to love you, I don't stop
I can't stop to love you, me I don't stop

I can't stop to love you, me I don't stop
