Baby boy
Oh yeah yeah yeah
Oh yeah yeah yeah
I'm addicted in love

See, you are the one I've been waiting to come take my love
Oh yes it's true
My dream just came true
For so so long I've been wishing to see myself in love
I can't live without you
Now I can't breathe without you

Oh-oh-oh baby oh
Now you change my life
Now you change my life
Oh-oh-oh baby oh
Now I know what is life
Now I know what is life

I used to be a player
Fuck a lot of bitches don't care
For girls who are alone out there
That was so bad, so bad, so so bad
Now I'm thanking Lord for the blessing
The woman that I have is everything
Always girl show me love I'll give nothing

Oh influencer
Yeah, she's my gold influencer
Oh la lila influencer
Yeah, girl you are my influencer
Oh la lila oh uh oh uh oh

Yeah, favourite of my mummy
And I'm ready to spend all my money
Make me feel good just to spoiling you
Take you to Zanzibar just to ball with you
Like I don't love nobody but me
When I open my eyes I wanna see you around me
African beauty yeah
Oh yes, you're my beauty yeah
Smoking, freaking when you round baby
Freaking, freaky turn around baby
Show me the thing I never see it
Say our love how is gonna be

Oh-oh-oh baby oh

Oh-oh-oh baby oh
Now I know what is life
Now I know what is life

I used to be a player
