

What Do You Miss

Harmonize

You just bust my mind
When am thinking
Girl if no be you to me
Who make me singing

And I wish to know
We got the same feeling feeling
Can I have your attention
I wanna say something something

Baby are we the same team
Do we share the same dream
I know that we are
But when you say you make me feel alright

Do you miss my ice-cream
Or when I make you scream
I know that you far
Please can you tell me what do you miss

What do you miss?
What do you miss?
What do you miss?
When am far with you

What do you miss?
What do you miss?
What do you miss?
When am now with you baby

Kwanza when am solo
And everything is over your control
For real baby I miss your ginger
And you know in your love am a kolo, kolo

Yeah am addicted to your love and you know it
I can't sleep one night without alone aah
Na kama ni kuloose I can lose my life not you
Na kama ni kuchoose in a billion I will choose you

That's why am calling, yes am calling
All night I dey sing the song
See my baby sorry yes sorry
For anything that I did you wrong

Hata ile picha nilipoificha
Imepotea siiioni tena
Huku kila kukicha unanipa mchicha
Sijui lini nitakuona tena

What do you miss?
What do you miss?
What do you miss?
When am far with you

What do you miss?
What do you miss?

What do you miss?
When am now with you baby

Kwanza when am solo
And everything is over your control
For real baby I miss your ginger
And you know in your love am a kolo, kolo
