Estawoo wa'tadilou

When I wake up in the morning I need you  
There's nobody in this world taking me from you  
You gifted me this crown  
As soon as my head hits the ground, and  
Only you can hear my heart when I need you to

Everybody needs this kind of love  
Yeah you make me feel good when I'm feeling rough  
My soul and body yearns  
To feel your warmth at every turn, at least  
Five times a day you make me feel enough  
Five times a day you make me feel enough

Salati, tamhou thanbi  
Tashfi qalbi dawman  
Salati, turdhi Rabbee  
Tahdi darbi dawman  
Salati, tamhou thanbi  
Tashfi qalbi dawman  
Salati, turdhi Rabbee

I don't need no attention from no one else  
You're my only compass you're all my wealth  
I'll scream I'll say it loud  
You're all I ever needed now  
If I only had you I don't need much else

Salati, tamhou thanbi  
Tashfi qalbi dawman  
Salati, turdhi Rabbee  
Tahdi darbi dawman  
Salati, tamhou thanbi  
Tashfi qalbi dawman  
Salati, turdhi Rabbee  
Tahdi darbi dawman

My salah, my salah  
You're the key to my soul  
My salah, my salah  
You're the key to my soul  
My salah, my salah  
You're the key to my soul  
My salah, my salah  
You're the key to my soul

Estawoo wa'tadilou

Salati, tamhou thanbi  
Tashfi qalbi dawman  
Salati, turdhi Rabbee  
Tahdi darbi dawman  
Salati, tamhou thanbi  
(My salah, my salah)  
Tashfi qalbi dawman  
Salati, turdhi Rabbee

(My salah, my salah)  
Tahdi darbi dawman

Salati, salati  
Salati hiya hayati  
Salati, salati  
Salati hiya hayati
