

# Feeling You

Harrison Storm

I couldn't give you a warning  
But I felt it all over me  
I hope you come where I'm going  
And babe my hands are free

Falling so hard  
Swimming through stars  
And maybe that's alright

I'm feeling you  
Every single way  
I'm feeling you  
Ain't no other way

There was a time I remember  
Breathing air like this  
But that was when I was younger  
Didn't know what I had I'd miss

I'm feeling you  
Every single way  
I'm feeling you  
Ain't no other way

I won't let you go  
I mean it  
Believe it, ohh  
I won't let you go  
Believe it  
I mean it, ohh

I won't let you go  
I mean it  
Believe it, ohh

I'm feeling you  
You  
I'm feeling you  
You  
I'm feeling you

I won't let you go  
Ain't no other way  
(I'm feeling you)  
I won't let you go  
Every single way  
(I'm feeling you)  
I won't let you go  
Ain't no other way  
(I'm feeling you)  
I won't let you go  
Every single way
