

In Good Time

Harrison Storm

It's hard to put into words
The years that have gone by
But the thing that's still inside me
Still wants to untie

My father's getting older
And my friends are moving on
My mother I have told her
She's still the only one

You were there
So I was fine
Everything did make sense in good time

My brothers living out his dreams
My sisters make me proud
A lot of things I've wanted have
Slowly come around

I have grown up now
And my sense of home has too
The chair that I sunk into
Well I got up and moved

You were there
So I was fine
Everything did make sense in good time

And I have found someone
Who helped me find some truth
She holds me in her heart
And I hold her in mine too

Well family and its meaning
Has changed over the years
To me what's more important
Are the ones who hold you near

And I don't know what's coming
And I don't want to know
I'll try to live right here
And let these things unfold

You were there
So I was fine
Everything did make sense in good time
