

Warm A Cold Heart

Harrison Storm

Do I fight or help untie
Your restless mind that tries to keep it all in?
All your life you've stepped inside
Someone's line that won't let your heart win

So go ahead and make your stand
Get up and throw away your plans
Try to open

In times that you were feeling low
Remember that world still showed
You were something

All I want to know from love
Is how to warm a cold heart
All I want to know from love
Is how to warm a cold heart

All it takes is yesterday's growing pains
To learn what you're missing
You can waste another day in endless ways
It's time to move on

Now it's time to make a change
Find the hope in every stage
You're alright here

'Cos every little made up thought
That doesn't help you move along
Ohh, you can leave them

All I want to know from love
Is how to warm a cold heart
All I want to know from love
Is how to warm a cold heart

All I want to know from love
Is how to warm a cold heart
All I want to know from love
Is how to make a new start

Would you take me there?
Somewhere you know, babe
Would you take me there?
Somewhere you know, babe
Would you take me there?
Somewhere you know, babe
Would you take me there?
Somewhere you know, babe
