

# Memphis Tennessee

Harry Belafonte

I got a new way of spellin' Memphis Tennessee  
I got a new way of spellin' Memphis Tennessee  
I got a new way of spellin' Memphis Tennessee  
With a blues with a tears with a double 'S' and a double 'E'  
When I got up this morning Blues was walkin' 'round my bed  
When I got up this morning blues was walkin' 'round my bed  
When I got up this morning blues was walkin' 'round my bed  
When I go to eat my breakfast blues was al l in my head  
I had a woman she cried over me  
I had a woman she cried over me  
I had a woman she cried over me  
There's a whole heap of crocodile tears  
Down in Memphis Tennessee

Down in the valley, valley so low  
Down in the valley, valley so low  
Down in the valley, valley so low  
Hear that lonesome evenin' train's  
Lonesome whistle blow

Well bye, bye, people bye bye  
I wanna go, wanna go away from here  
People bye, bye, yes people bye bye  
If anybody hear my plea  
Please bail me out of Memphis Tennessee
