

Raindrops

Harry Belafonte

Raindrops, raindrops
Can't go home in the rain
Who's gonna tell my own true love
Never gonna see me again

Sunshine, sunshine
Please tell me what to do
Shouldn't have loved that other girl
Oh can't be in love with two

Moonbeams, moonbeams
Shining all night long
Who's gonna tell my own true love
Oh yes I have done her wrong

Raindrops, raindrops
Can't go home in the rain
Who's gonna tell my own true love
Never gonna see me again
Never gonna see me again
