

## Small One

Harry Belafonte

Time for sleep, time to go to bed  
The sun is lying down upon a deep cloud of red  
Shut your drowsy eyes and count the sheep, sleepy head  
One star is shyly peeping, goodnight it's time for sleeping

Sleep my little one  
Dream your dreams in my arms safely curled  
Dream of joy and of laughter and fun  
Small one it's such a big world

May your heart never ache  
Big world don't make his heart break  
Sleep little one and dream
