

# Intimidating

Harry Hudson

Days like this I think about you always  
I flew up north to see you on your off day  
I'm working hard you're working hard we okay  
That's what they all say  
Yeah  
Uh  
You blew my mind  
I'm booted in the back seat  
You taste like wine  
We grippin, grind, we at it  
I threw the vibe,  
You caught it like an athlete  
If you asked me

Drop you off at your door  
Late night off a date  
Go ahead come inside  
Don't be shy quit playin  
Does it mean something more  
I'm not sure,  
Guess I'll wait  
I wanna make you mine  
But you're so intimidating

(So intimidating)

Street lights fading  
Let the day in slow  
No hesitations  
Complicated, I know  
(I know)

Street lights fading  
Slowly taking their clothes  
Off  
Show me your real side  
Not just what they know

They know

Huh uhhh

Days like this you wanna see me often  
With a ride like this  
It's easy to get lost in  
Paying you attention  
But not knowing what the cost is  
But I caught this  
Yeah

Drop you off at your door  
Late night off a date  
Go ahead come inside  
Don't be shy quit playin  
Does it mean something more  
I'm not sure,  
Guess I'll wait

I wanna make you mine  
But you're so intimidating

(So intimidating)

Street lights fading  
Let the day in slow  
No hesitations  
Complicated, I know  
(I know)

Street lights fading  
Slowly taking their clothes  
Off  
Show me your real side  
Not just what they know

They know

Uhh huuh
