

# It's Okay

Harry Hudson

Finally at the beach  
No time to waste on PCA

Taught me how to stay  
Straight inside the sea  
Can't hide from all the fakes, I swear  
I'd rather be asleep  
With the stars that lay on me

It's okay to be okay, okay?  
It's okay to be okay, okay  
It's okay to be okay, okay?  
It's okay to be okay, okay

And all the problems in my head  
Are swimming in the open, yeah  
Got a rifle in my head  
I'm yelling at the ocean, yeah  
And all the problems in my head  
Are swimming in the open, yeah  
So grab a bible, I'm suicidal  
I'm gonna rest up in a coffin, yeah

Skeletons are inside of my bed  
All the loneliness has got me on the edge  
Saying "you are not my man" is what she said  
That's what she said

So I pull up then slide out  
Got me feeling like a night owl  
Baby bend it, twist it  
Are you feeling it? 'Cause I feel it now

It's okay to be okay, okay?  
It's okay to be okay, okay  
It's okay to be okay, okay?  
It's okay to be okay, okay

And all the problems in my head  
Are swimming in the open, yeah  
Got a rifle in my head  
I'm yelling at the ocean, yeah  
And all the problems in my head  
Are swimming in the open, yeah  
So grab a bible, I'm suicidal  
I'm gonna rest up in a coffin, yeah

Fires burning, my soul still searching  
For something bright and  
Something worthless  
I bow my head down  
Still far from perfect  
I'm on my knees  
I beg for mercy  
My sea
