Harry Nilsson

Home is where you come from
Home is what you're lookin' for
Homes for all the homeless people
All over the world.

Home is what you run from
Home is what you're cookin' for
Home can make your heart beat faster
As you're near the door.

Oh no, it's not a savings and loan
Oh no, that's true
And what a telephone call in the middle of the night won't do
You know a picture in your mind of home will
Yes it will, yes it will.

Home sweet home
Oh, home sweet home
Oh, how I wish I could go home.

I am a lonely frog lookin' for a home
Peepin' out of the fog, lookin' for a home
I'm a millionaire, oh yeah, oh yeah
I hope to go to the moon, oh boy, oh boy
But all the money in the world, hot money, yeah
Won't bring me home enough soon.

Home is where you come from
Home is what you're lookin' for
Homes for all the homeless people
All over the world.

Home is what you run from
Home is what you're lookin' for
Home can make your heart beat faster
As you're near the door.
