

## Keep Driving

Harry Styles

Black and white film camera  
Yellow sunglasses  
Ash tray  
Swimming pool  
Hot wax  
Jump off the roof

A small concern with how the engine sounds  
We held darkness in withheld clouds  
I would ask  
"Should we just keep driving?"

Maple syrup  
Coffee  
Pancakes for two  
Hash brown  
Egg yolk  
I will always love you

A small concern with how the engine sounds  
We held darkness in withheld clouds  
I would ask  
"Should we just keep driving?"  
Should we just keep driving?

Passports in foot wells  
Kiss her and don't tells  
Wine glass, puff pass  
Tea with cyborgs  
Riot America  
Science and edibles  
Life hacks going viral in the bathroom  
Cocaine, side boob  
Choke her with a sea view  
Toothache, bad move  
Just act normal  
Mocha pot, Monday  
It's all good, hey you  
Should we just keep driving?  
Should we just keep driving?  
Should we just keep driving?
