

Trouble

Harry Styles

[Verse 1]

Listen to the song I wrote and all these notes
I put them there for you
I still taste, the time we kissed, upon my lips,
swimming in the blue

[Verse 2]

It never snows in Hollywood,
But when we sang it showed us that it could
I carried you across the way and you showed me
that thirteen can be good

[Pre-Chorus]

You flipped me upside down
We're both laying on the ground
And I don't even know you

[Chorus]

But I feel like I do sometimes
Looking in your eyes,
When I see that smile there's trouble
So turn around
And I'll hold my hands up
You know I'm trouble
I'm trouble with you

[Verse 2]

If I could have a hundred things,
Not one of them could compare to you
And we could take this anywhere,
Cause where we're going
We don't need no shoes

[Pre-Chorus]

You flip me upside down
We're both laying on the ground
And I don't even know you

[Chorus]

But I feel like I do sometimes,
Looking in your eyes
When I see the smile there's trouble
So turn around
And I'll hold my hands up
You know I'm trouble

[Bridge]

And you know that I'll be gone in the morning
And I hope that you'll think of me like
I think of you all the time,
Looking in your eyes when I see that smile
there's trouble

[Chorus]

So turn around
And I'll hold my hands up
You know I'm trouble (You know I'm trouble)

But I feel like I do sometimes
Looking in your eyes
When I see that smile (See that smile)
There's trouble

So turn around
And I'll hold my hands up
You know I'm trouble (You know I'm trouble)
I'm trouble with you
