

# Without You

Harry Styles

Now that we're done  
I wish I wasn't leaving  
We've said it before  
Each time with different meaning  
I found out too late  
This is what you wanted  
And there's no parade  
No one to watch me falling down

And as my body hits the ground  
Doesn't make a sound

When I'm without, without, without you  
There's nothing to live for  
Thought I'd be fine  
To get through the night  
Alone on the hotel floor  
It's gonna be long  
It's gonna be hard  
It's gonna be painful  
When I'm without, without, without you  
There's nothing to live for

Now you're with him  
I must admit I'm missing  
The part of your skin  
You always liked me kissing

And now as my body hits the ground  
It doesn't make a sound

When I'm without, without, without you  
There's nothing to live for  
Thought I'd be fine  
To get through the night  
Alone on the hotel floor  
It's gonna be long  
It's gonna be hard  
It's gonna be painful  
When I'm without, without, without you  
There's nothing to live for

I don't wanna wait  
Waiting everyday  
I don't wanna wait for you  
Do we have to change?  
Can't we stay the same?  
Living like we used to do  
I don't wanna wait  
Waiting everyday  
I don't wanna wait for you  
Do we have to change?  
Can't we stay the same?  
Living like we used to do

When I'm without, without, without you  
There's nothing to live for

I know we'll move on  
As time carries on  
I still leave an open door  
It's gonna be long  
It's gonna be hard  
It's gonna be painful  
When I'm without, without, without you  
There's nothing to live for  
Nothing to live for

When I'm without, without, without you  
There's nothing to live for  
Thought I'd be fine  
To get through the night  
Alone on the hotel floor  
It's gonna be long  
It's gonna be hard  
It's gonna be painful  
When I'm without, without, without you  
There's nothing to live for
