

Deep and Wide

Harvest

There is a fountain filled with blood
Drawn from the veins of grace
All sinners plunged beneath the flood
Lose all their guilty stains

Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh

There is a fountain filled with blood
Drawn from the veins of grace
All sinners plunged beneath the flood
Lose all their guilty stains

Deep and wide
Deep and wide
There's a fountain flowing deep and wide
And it's coming from the heart of God
There's a fountain flowing deep and wide

Ever since by faith I saw the stream
Your flowing wounds supply
Redeeming love has been my theme
Therein my source of life

Deep and wide
Deep and wide
There's a fountain flowing deep and wide
And it's coming from the heart of God
There's a fountain flowing deep and wide

Straight from Your heart to mine
Straight from Your heart to mine
Straight from Your heart to mine
Let it flow
Let it flow

Deep and wide
Deep and wide
There's a fountain flowing deep and wide
And it's coming from the heart of God
There's a fountain flowing deep and wide
