Fall Down

Harvest

I will make way, I will not move
Until I encounter You
Come have Your way here in this room
Until I encounter You
I will make way, I will not move
Until I encounter You
Come have Your way here in this room
Until I encounter You

For I know who You are
For I know who You are

So, I'll fall down, fall down
At the feet of Him who gives me mercy, mercy
His blood, the only thing that saves me
The only thing that saves me

I will make way, I will not move
Until I encounter You
Come have Your way here in this room
Until I encounter You
I will make way, I will not move
Until I encounter You
Come have Your way here in this room
Until I encounter You

For I know who You are
For I know who You are

So, I'll fall down, fall down
At the feet of Him who gives me mercy, mercy
His blood, the only thing that saves me
The only thing that saves me
The only thing that saves me
I must believe, You save me
The only thing that saves me

For I know who You are
You save me with Your mercy
I know who You are
I knew that You would find me
I know who You are
You save me with Your mercy
I know who You are
I knew that You would find me
I knew that You would find me
I knew that You would find me
