

Only One

Harvest

I want to be the only One
On the throne of your heart
The only One that moves you
I want to be the only One
On the throne of your heart
The only One that moves you

I will remove the names of your lovers
Even the memory of their face will fade away
I will write on you my name forever
I will be known by you as Faithful and True

So, come back, come back
I'll take you to the start
Come back, come back
I'll take you to your first love
Come back, come back
I'll take you to the start
Come back, come back
I'll take you to your first love
Come back, come back
I'll take you to the start
Come back, come back
I'll take you to your first love
I will remove the names of your lovers
Even the memory of their face will fade away
I will write on you my name forever

I will be known by you as Faithful and True
I will be known by you as Faithful and True
