

Rest On Us

Harvest

Like the Spirit was moving over the waters
Spirit, come move over us
Come rest on us
Come rest on us
Like the Spirit was moving over the waters
Spirit, come move over us
Come rest on us
Come rest on us

Oh, like the Spirit
Like the Spirit was moving over the waters
Spirit, come move over us
Come rest on us
Come rest on us
Like the Spirit was moving over the waters
Spirit, come move over us
Come rest on us
Come rest on us

Come down
Spirit, when You move You make my heart pound
When You fill the room
Come rest on us
Come rest on us
Come down
Spirit, when You move You make my heart pound
When You fill the room
Come rest on us
Come rest on us

All we want is You (All we want is You)
Come rest on us

And fire and wind, would You do it again?
Open up the gates, let heaven on in
Would You rest on us?
Come rest on us
Fire and wind, would You do it again?
Open up the gates, let heaven on in
Would You rest on us?
Oh, rest on us

So come down
Spirit, when You move You make my heart pound
When You fill the room
Come rest on us
Come rest on us
Come down
Spirit, when You move You make my heart pound
When You fill the room
Come rest on us
Come rest on us

Oh, won't You come, God? (Won't You come even now?)
Won't You come?
We're asking and we're waiting for You to come
We invite Your presence here, God

We invite Your presence here
Open up the heavens (Open up the heavens)
We're asking You tonight

Come rest on us
Come rest on us
Come rest on us
Come rest on us

It's what we love about You
It's that's there's always more
It's what we love about You
It's that's there's always more
It's what we love about You
It's that's there's always more
It's what we love about You
It's that's there's always more
It's what we love about You
It's that's there's always more
It's what we love about You
It's that's there's always more
It's what we love about You
It's that's there's always more (There's always more)
There is more, there is more, there is more, there is more
It's what we love about You
It's that's there's always more
It's what we love about You
It's that's there's always more
It's what we love about You
It's that's there's always more
It's what we love about You
There is more, there is more there is more

So come down
Spirit, when You move You make my heart pound
When You fill the room
Come rest on us
Come rest on us
Come down
Spirit, when You move You make my heart pound
When You fill the room
Come rest on us
Come rest on us

I know there's more for me
I know there's more for me
I know there's more for me
I know there's more for me
