

There in the Middle

Harvest

I'll be there in the middle
There in the middle of it all
There in the middle (There in the middle)
I'll be there in the middle of it all
There in the middle
I'll be there in the middle of it all
There in the middle
I'll be there in the middle of it all

When you see pain and suffering
You see [?]
Discomfort, you need healing

I'll say I'll be there in the middle (I'll be there in the middle)
I'll be there in the middle of it all
There in the middle
There in the middle

And I'm giving you eyes to see Me
I'm giving you eyes to see Me
I'm giving you eyes to see Me
Oh, I'm there in the middle
I'll be there in the middle
And I'm giving you eyes to see Me
I'm giving you eyes to see Me

And when storms come
And winds blow
And fires burn around you
When storm comes
And winds blow
Fires burn around you

You'll see Me there in the middle
I'll be there in the middle of it all
There in the middle
I'll be there in the middle, open your eyes
I'll be there in the middle
I'll be there in the middle of it all
There in the middle
I'll be there in the middle of it all

And I will not forsake My own
Will not abandon you
I will not forsake My own
I'm faithful, so faithful
I will not forsake
And I will not abandon you
I am faithful, I'll be faithful to you
Oh, I will not forsake My own
Will not abandon you
I will not forsake My own

Yes, I'll be there in the middle
There in the middle of it all
There in the middle
I'll be there in the middle of it all

There in the middle
There in the middle of it all
There in the middle
There in the middle of it all

You can trust My heart (You can trust)
You can trust My hand (You can trust)
And You can trust My leadership (You can trust My)
You can trust Me (You can trust Me)
You can trust Me
You can trust My heart (You can trust My heart)
You can trust My hand (You can trust My hand)
You can trust My leadership (You can trust My leadership)
You can trust Me

I'll be there in the middle
There in the middle of it all
There in the middle
There in the middle of it all
