

Where You're Wanted

Harvest

We give you everything
All that we have we bring
Here is my offering
Unto you

Until my final breath
I will have no regrets
All of my life I'll spend
On loving you

All my devotion
Full consecration to you
To you
All my devotion

All my devotion
Full consecration to you
To you

You come where you're wanted
Jesus we want you
Let heaven open over us
You always respond to love
You always respond to love

So we give you everything
All that we have we bring
Here is my offering
Unto you

Until my final breath
I will have no regrets
All of my life I'll spend
On loving you

All my devotion

All my devotion
Full consecration to you
Only to you
All my devotion

All my devotion
Full consecration to you
To you

You come where you're wanted
Jesus we want you
Let heaven open over us
You always respond to love
You always respond to love
You always
You always respond to love

God if you're searching
For a heart that's devoted to you
I'm what you're looking for, I'm what you're looking for

God if you're searching
For a heart that's devoted to you
I want nothing more, I want nothing more

God if you're searching
For a heart that's devoted to you
I'm what you're looking for, I'm what you're looking for
God if you're searching
For a heart that's devoted to you
I want nothing more, I want nothing more

You come where you're wanted
Jesus we want you
Let heaven open over us
You always respond to love
You always respond to love
You always respond to love
