

Shadow

Haste the Day

I will take you where
Where your shadow
Your shadow cannot go
Come and take me where
Where my shadow
My shadow cannot go

I'll follow you
I'll follow you

Find me where
The ocean turns to glass
Find me where
The ocean turns to glass

You will take me there
And we'll leave it all behind
Will you take me where?
Shadows cannot find
Shadows cannot find

Find me where
Where the ocean turns to glass
At the end
Where the ocean turns to glass

I will take you where
Where your shadow
Your shadow cannot go
Come and take me where
Where my shadow
My shadow cannot go
