

When I Get Out

Hatchie

I know I shouldn't be thinking it
No I shouldn't even feel at all
What makes you live with so few regrets?
You look calm as the ocean floor

But can you give in, give in to me
I know you didn't wanna believe
That I know, I know
Can you give in, give in to me
I know you didn't wanna believe
That I know

Just as long as you keep me
Under your spell just a little longer
I know it's been a while
No need to keep an eye on me
I'm not a wanderer

If I could remember
Why we even called it off
Do you think I'd regret it
Half as much as I had thought?
If I'd even thought...
You're trying to outrun it
But I can't kiss a memory
It's just not for me
You said you couldn't do it
But you weren't even trying then
We should try again

So an you give in, give in to me
I know you didn't wanna believe
That I know, I know, I know
So an you give in, give in to me
I know you didn't wanna believe
That I know, I know

Just as long as you keep me
Under your spell just a little longer
I know it's been a while
No need to keep an eye on me
I'm not a wanderer

You know when I get out of here...
You know when I get out of here...
You know when I get out of here...
You know when I get out of here...
You know when I get out of here...
You know when I get out of here...
You know when I get out of here...
You know when I get out of here...

Keep me
Under your spell just a little longer
I know it's been a while
Baby, you keep an eye on me
I'm not a wanderer
