

# Triskhelion

Hate

In covenant with tri-winged maelstrom!

I return to the soaring Ignis  
Down unceasing spiral of the aeonic line  
Toward the core that breaks through  
dust clouds and haze  
Where Triglav's glory enlightens!

Sempiternal!  
Triglav's Triskhelion  
A guidance for howling wolves  
Transition of the spawn into the veiled divine  
The hand that is raised to strike out  
In everlasting sanguine strife!  
In tri-winged maelstrom!

Enlightenment in sacrificial rite  
Astral silence pervading  
In the dark theatre of sanguinary strife  
The centre of a star in Navia  
Supreme shaman's exultation  
As he plunged in the tyrant his steel

In the stardust fractal  
A spark begotten of the Sun  
Sacred blood in motion  
Controlling life force of an aura bound in stone

Almighty!  
Triglav's Triskhelion  
A guidance for blind-sighted  
In fresh myrtle my blade I entwine  
Like Svarog when he made a libation  
of tyranny's blood

Solo: Domin

Unfolding the soul until life is transformed  
Controlling the vibration of the highest  
Sempiternal!  
Triglav's Triskhelion  
The one blessed in nothingness  
Sovereign of Navia  
A garment of the spirit  
Interstellar elixir of life  
Victory of the soul over circumstance  
A luminous vestment in aura of this land  
Divine power!
