

# Instinctive (Slaughterlust)

Hatebreed

Here kindness ends  
Weakness dies, trust myself  
No one else  
Never bow, never break  
So I tap into the savagery

I have become  
Instinctive  
I have become  
Instinctive  
Like an animal  
Untamable  
I have become instinctive  
Like a savage  
Barbaric  
I have become instinctive

Come with me down the abyss  
Where shadows spawn from emptiness  
I must transform to shed this husk  
New urge to fulfill my slaughterlust  
I sacrifice to dominate  
My savage nature now unleashed  
Breath swift and sharp against clenched teeth  
Animal intuition empowers me

Transform, shed this husk  
Must fulfill my slaughterlust  
Transform, shed this husk  
Must fulfill my slaughterlust

Here kindness ends  
Weakness dies, trust myself  
No one else  
Never bow, never break  
So I tap into the savagery

I have become  
Instinctive  
I have become  
Instinctive  
Like an animal  
Untamable  
I have become instinctive  
Like a savage  
Barbaric  
I have become instinctive

Tap into the savagery  
Tap into the savagery

I am unhinged, I terrify  
I'd rather die than toe the line  
Do what I must, fight to survive  
Primitive bloodlust fills my mind  
My vision's clear, my instinct strong  
I am the vicious one

Inclination to destroy  
Like a savage with carnage in his eyes

Transform, shed this husk  
Must fulfill my slaughterlust  
Transform, shed this husk  
Must fulfill my slaughterlust

Unleash the savage instinct  
Savage  
Instinct  
Unleashed
