

Weight of the False Self

Hatebreed

If you want to make a difference in the world it means
You have to be different from the world you see
Free yourself from burdens that you know exist
Don't carry the curse of the fatalist

If you want to make a difference in the world it means
You have to be different from the world you see
Free yourself from burdens that you know exist
Don't carry the curse of the fatalist

If you want to make a difference in the world (It means)
You have to be different from the world (You see)
Free yourself from burdens that you know exist
Don't carry the curse of the fatalist

If you want to make a difference in the world (It means)
You have to be different from the world (You see)
No victim mindset, raise your standard
Your true self calls and you must answer

Lift the weight of the false self crushing you
Lift yourself up from malevolence
Lift the curse of the fatalist haunting you
Lift yourself out from the death grip
Lift the burden upon your shoulders

There's a challenge that's begging to be risen to
There's a voice and it's your true self calling you
End the cycle, kill all willful self-abuse
Never justify another excuse

If you want to make a difference in the world (It means)
You have to be different from the world (You see)
Free yourself from burdens that you know exist
Don't carry the curse of the fatalist

If you want to make a difference in the world (It means)
You have to be different from the world (You see)
Lift the burden keeping you from being free
Holding you to standards you're not meant to reach

Lift the weight of the false self crushing you
Lift the curse of the fatalist haunting you
Lift yourself out from the death grip
Lift the burden on your shoulders

If you want to make a difference in the world (It means)
You have to be different from the world (You see)
Never justify another excuse
Lift the weight of the false self and you will be set free
