

Take this pill
Chemical of heaven
Erase this shell
Blindly following in death

Indoctrinated sheep
Herded to be killed
A voice of God
Making disciples kneel
Servants of narcissistic needs
Belief is shown
When you're determined to bleed

Force fed cyanide
Transcend this life
With or against
The noose has been tied

Indoctrinated sheep
Herded to be killed
A voice of God
Making disciples kneel
Servants of narcissistic needs
Belief is shown
When you're determined to bleed

Snuff the light from the eyes
Darken the sky and watch them die
Escape the world to reach the sky
Only to fail

No soul, No god
No love, No hope
Open the book of scripture
While you choke
Promised paradise
But only given hell

It matters not to be with or against
Kneeling down or running away
A smile on the face or with a gun against the head
Oh Such glory the mortal body is dead

Snuff the light from the eyes
Darken the sky and watch them die
Escape the world to reach the sky
Only to fail
