

# Like Lightning

Havana Brown

[Havana Brown:]

Like lightning  
Do you still like me?  
You still into me and you?  
I think you kinda crazy  
Maybe I'm crazy too  
It hit me like lightning  
Like a bullet from across the room  
I know it's kind of frightening  
I guess I really like you too

It's like every little thing you do  
Makes me feel funny like I'm back at school  
I just want me and you  
What's the point of love unless you tell the truth

Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning

Like lightning  
Like lightning  
Like lightning

Babe you gotta chase me  
If you wanna hold these cards  
Nothing's gonna phase me  
Come and show me who you really are  
Could be rolling like thunder  
Nothing's gonna stop us now  
Never going under  
Let's show 'em what it's all about

It's like every little thing you do  
Makes me feel funny like I'm back at school  
I just want me and you  
What's the point of love unless you tell the truth

Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning

Like lightning  
Like lightning  
Like lightning  
Like lightning  
Like lightning

Like lightning

[Dawin:]

I keep me emotions down under  
Trying to focus on fun stuff  
But I'll bring you lightning and thunder  
To power your heart until it functions  
Just tell me you're gonna return the feeling  
'Cause baby you know I give you the real thing  
And my love will be a shock to your system  
Look nobody can replace my position

[Dawin & Havana Brown:]

It's like every little thing you do  
I just want me and you

[Havana Brown:]

Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning  
Light me up, light me up, light me up  
Like lightning

[Havana Brown & Dawin:]

It's like every little thing you do  
Like lightning  
I just want me and you  
Like lightning  
Every little thing you say  
Like lightning  
You can try and walk away  
Like lightning
