

# Hey

## Have Mercy

Hey, it's been awhile, how ya been?  
It's been a minute since I have smiled and seen some friends  
Cause I kinda keep to myself nowadays when I can  
I'll pull myself right out of the crowd when I'm feeling tense  
I am just trying to make some sense of all of it

Hey, I wanna take a little time  
I've had some things stuck on my mind  
God, I love you, God, I need it  
And hey do you think of me sometimes?  
Is there any reason why you can't  
Just say you love me again?

Hey, maybe I should call it quits  
I'll find a house in the south, get a wife and have some kids  
Look to the sky, realize just how beautiful it is  
I'll find some peace realize that no one can tell me shit

Hey, I wanna take a little time  
I've had some things stuck on my mind  
God, I love you, God, I need it  
And hey do you think of me sometimes?  
Is there any reason why you can't  
Just say you love me again?

When did the light burn out?  
When did I lose that smile in my mouth?  
When did I get so sick?  
Where do we go from here?  
Why did I never make it clear that I need you here?  
I did all along

Hey, I wanna take a little time  
I've had some things stuck on my mind  
God, I love you, God, I need it  
And hey do you think of me sometimes?  
Is there any reason why you can't  
Just say you love me again?

Just say you love me again  
Just say you love me again
