

## Interface with the Infinite

Havok

A mysterious intelligence  
Beneath our feet  
Chemical communication  
Implications so deep

Hallucination  
Neurogenesis

Existential paranoia  
Terminated with a trip  
Profound vibrations  
Ego loses its grip

Hallucination  
Neurogenesis  
Interface with the infinite

Reality starts to break  
Reality fades away

You regain connection  
To the unconscious mind  
Temporary obliteration  
Of the one you call "I"

Hallucination  
Neurogenesis  
Interface with the infinite
