## **Unnatural Selection**

## Havok

See the gates are closing
Elimination waits
Deeming you unfit for life just because I decide
To constantly remind you
That there's a reason why
This is where the strongest give and all the weakest die

Separate
Defective and unequal
Clean slate
But it's so unnatural

Showing indifference Mocking perfection Struggle for existence Unnatural selection

Displayed above your head
Feeding you the lie
Putting you to work to profit off of your demise
Systematic servitude
Work will set you free
Arbitrary suffering, infinite misery
